CERTIFICATION

QUALITY POLICY

The Quality Policy is envisioned to be the main focus for the Quality Management System, also is intended to be usable by all the employees as a focus for their job. We are entirely committed to the customer satisfaction and share responsibility for delivery of quality products and services, compliance with any relevant legislation and continuous improvement in all areas of the Business.

The quality of support, interaction and achievement at every step of a way, within our supply chain is greatly significant to our success. Also wherever is practically possible, we join our hands in partnership with our suppliers and customers as a natural adjunct to the quality process.

Sharing of an information, effective communication, education and training are making an enormous effect to perform in the implementation of our quality policy. To ensure that everyone is empowered to contribute equally with the policy, we have quality practices and programmes are promoted widely in both manners, internally and externally using a range of media.
